

TESTIMONIALS

“Regarded by all as a model project, particularly for Health & Safety and collaboration”

- Dave Holland, Fonterra Co-operative Group

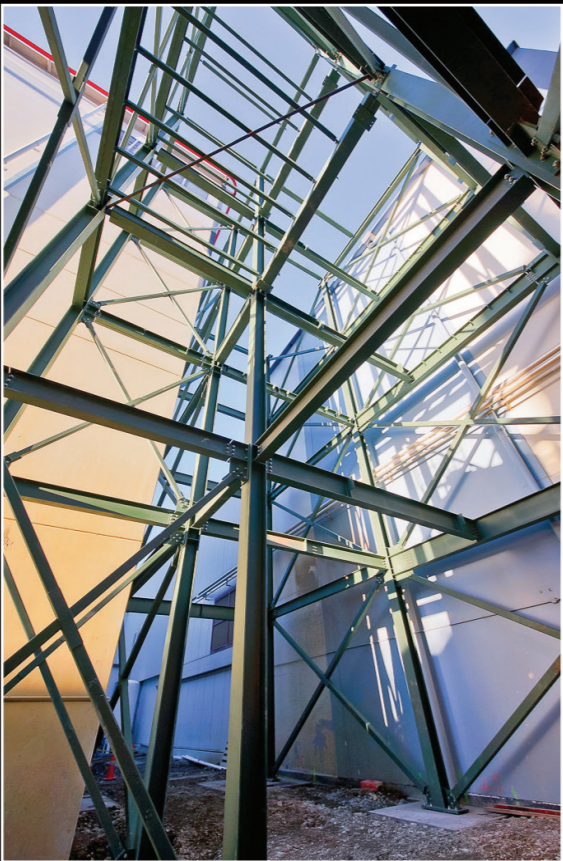

“The professionalism that Apollo Projects have shown throughout the Edendale Redline upgrade is to be commended. Their attention to detail to ensure that the quality of workmanship from all trades staff involved met the food safety standards required currently as well as a step wise innovative improvement to meet the Fonterra strategy to be “The World’s most trusted source of dairy nutrition”. This project had a challenging time constraint window which Apollo managed extremely well, and now the site has one of the best redlines in the country.”

– Julie Walkinshaw, Fonterra Site Velocity Lead – Fonterra Edendale Milk Treatment Redline Project

WE PROMISE  
CERTAINTY.  
TRUSTED EXPERTISE  
FROM A PROVEN  
SPECIALIST

“The design team Apollo assembled was first rate and contributed significantly to what has proven to be a first class facility. Apollo’s performance in managing this design process was also to a very high standard. Apollo certainly excels... in the incorporation of buildability and construction input into the design process. This ensured that the majority of the design issues were clarified prior to the construction phase on site.”

– Murray Darrall, Modernisation Manager, Property and Retail Development, Foodstuffs (Wellington) Co-operative Society Ltd

Specialists in Design &  
Construction  
Extensions and Refurbishments

**NEW ZEALAND OWNED  
AND OPERATED - OVER  
40 PROFESSIONAL  
AND SUPPORT STAFF  
NATIONWIDE**

**APOLLO'S PROMISE**

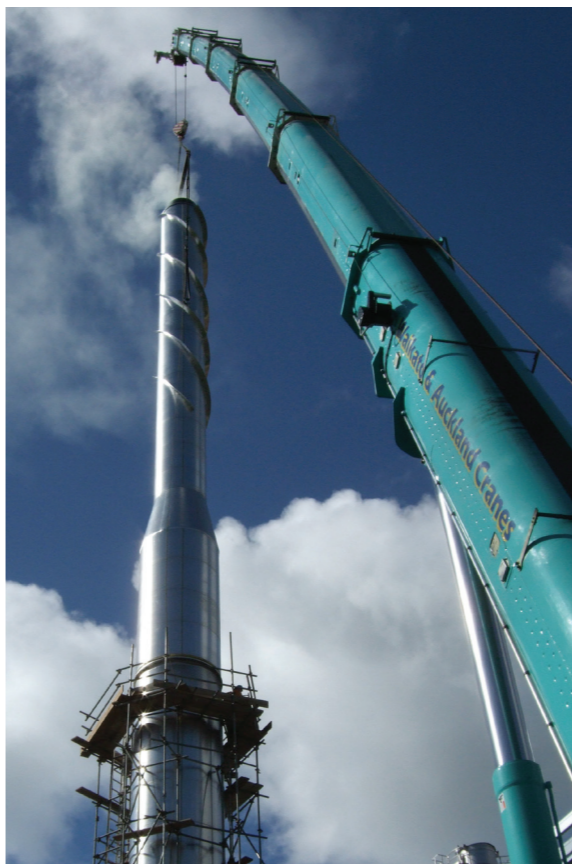

- Specialised – detailed understanding of every aspect of design and delivery
- Total Project Solution – from concept design to construction and facility handover
- Industry-leading – design and procurement methodologies
- Client Focussed - the client's objectives lead the design
- Innovative Thinking – challenging the status quo
- Trust and Expertise – our reputation is everything
- Track Record – for delivery of projects on time and within budget

**DIVERSE EXPERIENCE, MULTI -  
DISCIPLINED BACKGROUNDS AND  
HIGHLY SPECIALISED KNOWLEDGE  
OF THE LATEST TECHNOLOGIES AND  
DESIGN SOLUTIONS**

We offer a 'One Stop Shop' – fully integrated delivery solution tailored to the individual client, including:

- Initial Planning and Strategy – Early Contractor Involvement (ECI)
- Budgets and Feasibility
- Design Management
- Quantity Surveying
- Consents and Approvals
- Procurement and Cost Control – supply agreements with key project partners
- Construction Management
- Health and Safety
- Commission, Training and Handover

**HEALTH & SAFETY**  
**OUR CORE VALUE SAYS  
IT ALL – 'SAFETY ABOVE  
ALL ELSE', AND WE MEAN  
IT! WE HAVE WORKED  
WITH SOME OF THE  
MOST INTENSIVE H&S  
PROGRAMMES IN NZ  
AND WE WOULD PUT  
OUR REPUTATION UP  
AGAINST ANYONE**

**TURNKEY DESIGN AND  
BUILD - BEING INVOLVED  
IN THE EARLY DESIGN  
AND MANAGING THE  
FULL CONSTRUCTION  
PROCESS IS WHAT SETS  
US APART**

Apollo has considerable experience working within existing facility upgrades, extensions or strengthening programmes – particularly in food-related environments.

The ability to successfully undertake construction works while maintaining operations and food grade standards is incredibly unique.

Over the years we have taken learnings from each project and implemented them on the next. The result is robust systems and processes which ensure safety, quality and costs are well-managed - which gives clients the trust and certainty they need.

Scoping work within existing facilities is often challenging, resulting in programme and cost overruns. Apollo's systems and vast experience mitigates this risk for the client. Contrary to industry norms, trust and certainty is exactly what a client can expect from us – particularly when managing Health & Safety and ensuring minimal disruption to existing operations.

We have worked for some of New Zealand's largest corporate companies in some of the most challenging environments including Fonterra, George Weston Foods, Wither Hills, Meadowfresh, Kiwicare, Lion, Sanford, Tegel and more. All these projects involved a level of hygiene standard and the need to ensure existing operations were largely uninterrupted.

For all our projects we address the challenges presented by resource and building consent applications; sustainability; wastewater treatment; structural, thermal and hygiene design; fire protection; Good Manufacturing Practices (GMP) or HASOP processes; process and storage risk; chiller, freezer and controlled atmosphere solutions; process flow and design; coordination with process vendor and system operators; and Health & Safety both in the project delivery and the finished facility.
